

Special GMT CHINDWIN RIVER Tour Info!

Chindwin River Tours are really a big adventure and not many foreign visitors had the chance to explore the hidden treasures of Chindwin River.

Cruising along this beautiful river demands special boats, which are able to go through shallow water.

We will arrange a sleeping area on the main deck (beds, pillows and mosquitonets), almost like a cabin! "Walls" will be built by local mats or curtains to secure your privacy at night. Shower and toilet facilities are onboard, simple but clean!

At daytime the main deck will be your living room, your restaurant or just a place to relax.

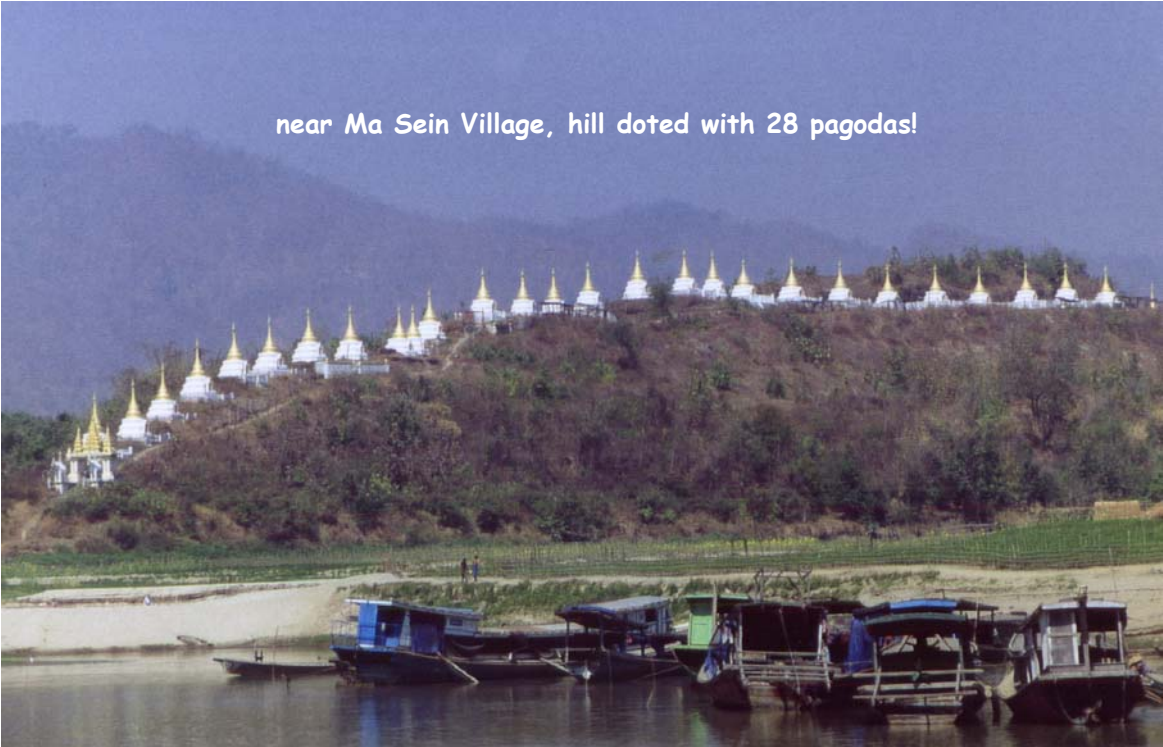

The crew will cook every day yummy local food for lunch and dinner! Green Tea will be served the whole day and soft-drinks, beer or even whiskey will be sold onboard!

Enjoy the famous Burmese hospitality onboard!

Our typical local wooden boat invites you to experience REAL MYANMAR along the Chindwin River. Visitors also love to sit on the sundeck, to observe the daily life at the river or just enjoy the beautiful unique scenery passing by. During your journey, certain stops will be arranged to explore some villages and towns.

We believe that our arrangement is a very good alternative for those who can not join the luxury journey from Pandaw 1947 (Ayravata Cruises) or the legendary ROAD TO MANDALAY or for visitors with a certain budget limit! We arrange Chindwin Cruises throughout the year!
